Good Samaritan Society affiliate purchases Heritage Healthcare Services, Inc.

Sioux Falls, South Dakota (Nov. 2, 2015) – The Evangelical Lutheran Good Samaritan Society (the Society) is pleased to announce the purchase of Heritage Healthcare Services, Inc., by Good Samaritan Society HCBS-Heritage, LLC, an affiliate of the Society.

Heritage is a major provider of home care services in New Mexico and Arizona. The closing for the transaction took place on Oct. 31, 2015.

“The acquisition of Heritage Healthcare Services by the Society is a big step forward in our plan to grow our home- and community-based services,” said Kim Johansen, President of Good Samaritan Society HCBS-Heritage, LLC. “Heritage is a very well-regarded provider of home-based services and a great addition to the Society’s family of organizations. We are excited about the bright future we share.”

“The Good Samaritan Society is a deeply respected provider of senior care and services, and we are very excited to be joining such a highly regarded family of organizations,” said Len Trainor, Founder and CEO of Heritage. “Together, I know we will do great things.”

Heritage includes five locations in New Mexico and one in Arizona. They will retain their original names, though they have become affiliated entities of the Society. With this purchase, the Society strengthens its robust offering of healthcare services in New Mexico and Arizona. These agencies join existing Society home health, hospice, skilled nursing, inpatient and outpatient rehabilitative services, assisted living, senior living, affordable housing and memory care services.

The same great service that clients received from Heritage will continue and even be strengthened by the Society’s more than 90-year history of providing excellent services and care.
